About us

making spanning 40 years with professional experience and a legacy of faith. Our story originates from relentless pursuit of excellence and is grounded in the spirit of Taiwanese craftsmanship.

Four decades ago, we embarked on a never-ending adventure taking on creating the world's cutting-edge tools continuously. We have been on a mission to help professionals from all walks of life accomplish challenging jobs. Our engineers and manufacturing teams who are committed to innovation constructed world leading manufacturing plants in Taiwan covering a wide range of tools for construction, industry, automotive service, and so on.

"Be Xcellent" is a term marking our firm belief in the pursuit for excellence. We believe that by no means but push the limits can we achieve "Being Xcellence". Each and every BEX tools is designed with the heart of artisan, manufactured in a specialized way and rigorously quality controlled to ensure that they perform remarkably under the most demanding working conditions.

"MIT - Made in Taiwan" is our persistence and pride. Under the BEX brand, we produce the most exquisite tools with a world-class factory system and the core competitiveness from the professional R&D/manufacturing teams.

BEX professional tools - will work together with artisans/craftsmen in the world to achieve mutual success and create a better life. In the future, we will continue our efforts at pushing the limits to become a leader in the field of professional tools and bring excellent tools and unlimited possibilities to more people.

- Compact size with lighter weight, 135mm in length and weight 1.97kgs.
- One-Handed F/R lever Easy to operate with 3 power setting in forward.

1" Durable Light Weight Impact Wrench

AIWIT4200E6Z

- Ergonomics housing design deal for tire work.
- Twin-Hammer mechanism provides in power.
- Side mounted handle for better operator control.
- High performance motor maximizes output torque.
- Composite housing for super light weight- 8.1kg.
- Best Power to Weight ratio in the class. (2000 ft-lbs to 8.1 kg only)

1" Heavy Duty Impact Wrench

AIWIK4200E6Z

- Front-oblique exhaust
- Pinless mechanism durable also powerful.
- 3 stage torque setting in Forward and Reverse.
- High performance motor maximizes output torque.
- Durable feather trigger ,micro adjustment to full thrust.

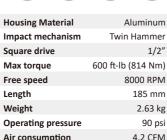

Free speed 135 mm Length Weight 1.97 kg Operating pressure 90 psi Air consumption 5.6 CFM

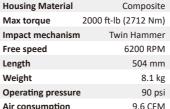

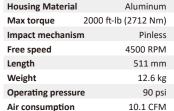

1/2" Composite Impact Wrench

AIW265MZ

- Powerful performance Max torque reach 790ft-lbs(1071 Nm).
- Twin-Hammer mechanism Durable and well-balanced blows.
- Ergonomics & balance design Comfort and less fatigue in operation Compact size with lighter weight, 185mm in length and weight 2.0kgs.
- Composite housing for light weight. Best Power to Weight ratio in the
- Push-button F/R switch classic design for both right & left handy operator.

3/4" Compact Full-Power Impact Wrench

- Powerful performance Max torque reach 1000 ft-lbs (1356 Nm).
- Compact size with lighter weight.
- Twin-Hammer mechanism Durable and well-balanced blows.
- Ergonomics & balance design Comfort and less fatigue in operation.
- One-Handed F/R lever Easy to operate with 3 power setting in forward.

3/8" Mini Stubby Ratchet Wrench

ARW102Z

- Wobble Anvil design.
- Compact Size, only 5.08"(128.3mm).
- Quick release design to loose socket
- One piece body increase durability and strength.

6" Random Orbital Sander

AOS156CZ

- Ergonomic handle design.
- Powerful Motor—0.25HP.
- High speed -12,000RPM. 360° adjustable muffler cap.
- Variable speed adjustable adjustable.
- Composite housing—Lightweight & durable.

1/4" Mini Butterfly Impact Wrench

- Rocking Dog (Two Hammer) mechanism providesbest power to weight ratio performance.

Screwdriver Attachment

DSA45/55Z

- Tool free depth adjustment.
- Dust-proof design to last longest life.
- Quick Release Coupler for different power tool.
- Tool free adjustable nose piece for different screw. Quick screw driving and Saving lots time for working.

Mini Palm Nailer

APNF1Z

- Ergonomic design.
- Lightweight, only 0.46kgs reduces fatigue.
- Ideal for driving bulk nails in confined areas.
- Durable hardened steel nose prevents breakage and magnetically charged to hold nails stable for accurate fastener placement.
